ONLINE BIDDING AVAILABLE WITH LIVE VIDEO AND AUDIO
register now at www.elitelivestockauctions.com.au

Dear Friends,

We are excited to invite you to *Roses of Lancaster*, our sale offering of all purebred females from the year groups 2013-2016, plus 9 special 7/8 cows and 6 outstanding older cows.

It is almost cliché to discuss what a strange and trying year 2020 has been so far. Everyone has been tested in some way, be it by bushfire or Covid-19 quarantine or isolation. These are the times that are sent to try us! On a positive note, it is a great time to be a farmer and working in ag! The cattle industry has managed to maintain reasonably steady markets and we have all been so relieved to finally see drought break in some of the worst affected areas.

We have had a lot of enquiry for females over the last couple of years and the time is finally right for us to present this fantastic opportunity to purchase Purebred and 7/8 females from established Lancaster cow families including Poppy, Erica, Princess, Maternal and more. It really is an incredible chance to select the best genetics for your herd.

We know it may be hard for you to inspect the cattle in person, given the current circumstances, so we invite you to call or email us with any questions you have. Jono Spence of Spence Dix and Co has also inspected the complete offering and is available to answer any questions or help with your selections. Jono has also added a small quotation for a number of the lots, to give you his thoughts on the particular strengths of each animal.

There are photos of each lot on our website (www.lcsblacks.com.au) and videos of each lot on the Elite Livestock Auctions Website, which will also be the online place to bid and follow the sale. You can view the videos and register to bid here:

https://elitelivestockauctions.com.au/bid-now/#/sales/89503/lots?per_page=100

Stay safe and we look forward to hearing from you.

Tim, Lise, Henry and Prue.

Lot 25 K82

INSPECTION DETAILS

Videos of each lot are available on <https://elitelivestockauctions.com.au/> more lot photos are also available on our website, www.lcsblacks.com.au. We understand inspection may be difficult in current times, so welcome your questions via phone or email and will accommodate requests for inspection to the best of our abilities. For those able to attend the sale, cattle will be yarded for inspection by 10am on sale day.

EDUCATED CATTLE

The Lancaster herd has been educated with kelpie cattle dogs. Since implementing this management tool several years ago, we have experienced many benefits. Benefits include less stress on both cattle and the operators and more co-operative cattle which adjust easily to new situations.

THE AUCTION

- The Lancaster Simmental sale will be run by Spence Dix & Co., using the open cry Auction system.
- All lots will be sold exclusive of GST
- All cattle are at the purchasers risk from the fall of the hammer.
- We recommend all cattle be insured.

TERMS AND CONDITIONS OF SALE

- All lots will be governed by normal sale conditions.
- All lots are sold under Spence Dix & Co. usual terms and conditions of livestock auction sales.

REBATE

A rebate of 3% is offered to outside agents who nominate in writing before the sale, accompany the purchasing client(s) at the sale and settle accounts within 7 days.

These conditions must all be met and will be strictly adhered to. To nominate, agents must do so in writing to the vendor before 8pm, Wednesday 7th October, 2020.
Email: info@lcsblacks.com.au or admin@spencedixandco.com.au

CATTLE TRANSPORT

Transport of all lots is at the buyers expense. All transport will be co-ordinated by Henry Cartledge of Lancaster Simmentals (0427 755 098)

FERTILITY

All cows have had a calf annually. All cows have been AI'd and had an opportunity with the backup bull, details will be available on a supplementary sheet.

ANIMAL HEALTH

All cows received annual pre-calving boosters of 7in1 and Pestiguard and received boosters of Multimin, B12, ADE and were also drenched.

Lancaster has the highest possible Johnes accreditation and is J-BAS 8.

VISITOR SAFETY

Please note that all visitors enter pens at their own risk. Children under 16 should not enter the sale pens. If you choose to enter the pens, take note of your surrounds and ensure your safety at all times. Please do not crowd animals.

Animals being offered for sale are known to be of quiet temperament under normal conditions, but sale day is not considered 'normal conditions'.

We are unable to cover all dangers presented by cattle. Please use common sense and be alert at all times. If you feel at all threatened, do whatever is necessary to ensure your safety and that of any others in the pen.

This message is not designed to alarm you. We do not expect any problems on the day, but it is important that visitors are aware of any possible risks.

We will be adhering to Covid-19 restrictions of the day and expect all on property visitors to do the same. We appreciate you activating the Covid-safe app before arrival.

SALE DAY CATERING

Unfortunately, due to Covid-19 restrictions, we will have pre-packaged snacks only, available on sale day. Sorry for any inconvenience.

Lot 13 LCS Maternal M289

Lot 15 LCS STRIKE M432

QUICK REFERENCE TO ASA EPD'S AND \$ INDEXES

Expected Progeny Differences (EPDs): EPDs are the most accurate and effective tool available for comparing genetic levels. In using EPDs, the difference between two sires' EPDs represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPDs of +10 and -5, a 15-unit difference would be expected in their progeny (moving from -5 to +10 yields 15 units).

Key to using EPDs is knowing what units they are expressed in. For example, if the above case referred to weaning weight EPDs, A would be expected to sire 15-pounds more weaning weight than B. If calving ease were the trait, A would be expected to sire 15-percent more unassisted births in first-calf heifers; in other words, if B sired 30 assists in a group of 100 heifers, we'd expect A to require 15 assists. A percentile-ranking chart is required to determine where a bull's EPDs rank him relative to other bulls in the breed. For percentile rankings or more detailed information about EPDs and \$ indexes visit www.simmmental.org. Listed below are the units ASA EPDs are expressed in:

All-Purpose Index (API):

Dollars per cow exposed under an all-purpose-sire scenario.(See below for more details.)

Average Daily Grain (ADG):

Post-weaning weight gain.

Back Fat (BF):

Inches of backfat.

Birth Weight (BW):

Pounds of birth weight.

Calving Ease (CE):

Percent of unassisted births when used on heifers.

Carcass Weight (CW):

Pounds of carcass weight.

Maternal Calving Ease (MCE):

Percent of unassisted births in first-calving daughters.

Milk (MLK):

Pounds of weaning weight due to milk.

Marbling (MRB):

Marbling score.

Maternal Weaning Weight (MWW):

Pounds of weaning weight due to milk and growth.

Ribeye Area (REA):

Square inches of ribeye.

Warner-Bratzler Shear Force (WBSF):

Pounds of force required to shear a steak.

Stayability (STAY):

Percent of daughters remaining in the cowherd at 6 years of age.

Terminal Index (TI):

Dollars per cow exposed under a terminal-sire scenario. (See below for more details.)

Weaning Weight (WW):

Pounds of weaning weight.

Yearling Weight (YW):

Pounds of yearling weight.

Yield Grade (YG):

Yield grade score.

\$ Indexes: Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. That's where \$ indexes come in. Through well conceived, rigorous mathematical computation, \$ indexes blend EPDs and economics to estimate an animal's overall impact on your bottom line. The same technology that led to the dramatic progress in swine, poultry and dairy genetics over the last several decades was used to develop the following \$ indexes:

All-Purpose Index (API): Evaluates sires for use on the entire cow herd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

Terminal Index (TI): Evaluates sire for use on mature Angus cows with all offspring put on feed and sold grade and yield.

Using API and TI: First, determine which index to use; if you're keeping replacements use API, if not, TI. Then, just as with EPDs, zero in on the unit difference between bulls. (As described above, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or, put another way, how much you can pay for one bull compared to another. For example, when buying an all-purpose-type sire, you can quickly figure a bull scoring +100 for API is worth an extra \$6,000 over a +50 bull if both are exposed to 30 cows over 4 years (\$50 diff. x 30 hd. x 4 yr. = \$6,000). A percentile-ranking chart is required to determine where a bull's index value ranks him relative to other bulls in the breed. For percentile rankings or more detailed information about EPDs and \$ indexes visit www.simmmental.org.

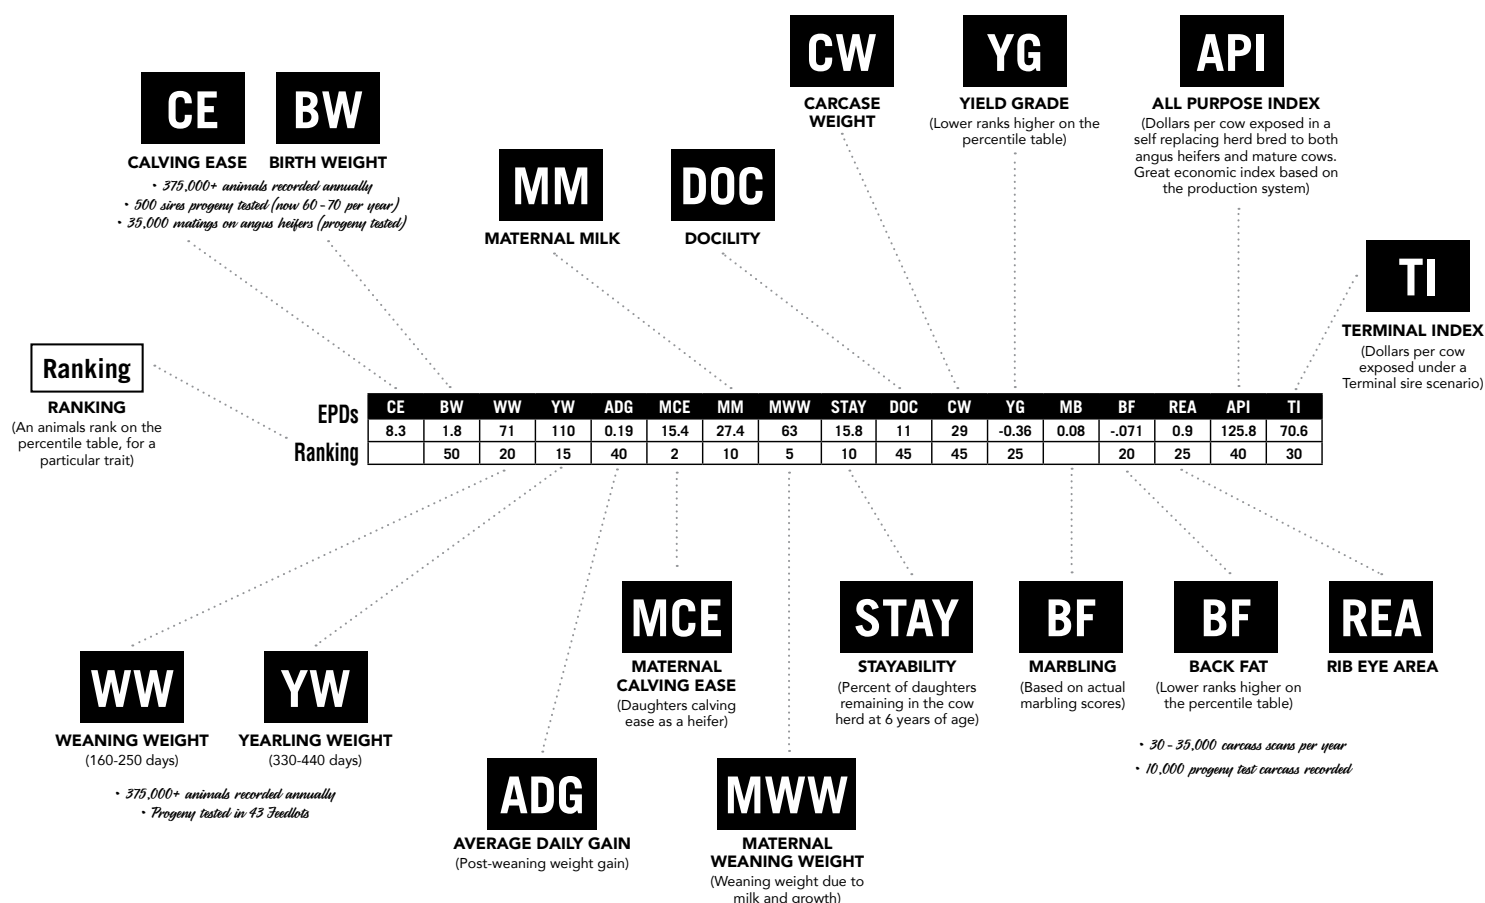

Economically relevant traits in API:

- | | |
|---------------------|---|
| 1. Cowherd intake | 7. Weaning growth |
| 2. Salvage weight | 8. Postweaning growth |
| 3. Female longevity | 9. Carcass weight |
| 4. Milk production | 10. Yield grade |
| 5. Feedlot intake | 11. Marbling |
| 6. Calf survival | The last seven traits are relevant to TI. |

Avg	127.74	74.65	10.60	1.80	74.80	0.22	110.70	5.60	23.70	61.10	16.80	11.00	32.20	-0.45	0.05	-0.10	0.87	-0.3

There is a purebred percentile table and a hybrid percentile table. Lancaster100 bulls are ranked on the Purebred percentile table. Lancaster75 and Lancaster50 bulls are ranked on the Hybrid percentile table. **Remember all the bulls EPD's are absolutely comparable**, it's just their percentile ranking which is split to compare purebreds against purebreds and hybrids against hybrids.

1 LCS POPPY M103

ASA# (3171513) • Tattoo: M103D • BD: 6/06/2016
AUS REG: LCSPM103 • COLOUR: Homo Black

— TRIPLE C SINGLETARY S3H
Sire: CCR COWBOY CUT 5048Z
— CCR MS 4045 TIME 7322T
— GW LUCKY ONE 686K
Dam: LANCASTER POPPY A314
— GW MISS CHOICE 717F

	CE	BW	WW	YW	ADG	MCE	MM	MWW	STAY	DOC	CW	YG	MB	BF	REA	API	TI
EPDs	11.8	2.1	79.4	112.9	0.21	8.4	28.1	67.7	20.6	16.5	33.6	-46	.39	-.106	.93	155	84
Rank	35		30	40		10	25	20	10	3	45	45	4	50	40	5	10

This young cow is from a flush we like a lot, she is moderate and productive with great milk production. We find the Cowboy cut daughters tend to have very good udders and Poppy M103 is no exception. Love her group of EPDs, high growth, great maternal and carcass traits leading to a really elite Top 5% API profit index. Sells with heifer calf R349.

3 LCS PRINCESS M176

ASA# (3208666) • Tattoo: M176D • BD: 11/06/2016
AUS REG: LCSPM176 • COLOUR: Homo Black

— TRIPLE C SINGLETARY S3H
Sire: CCR COWBOY CUT 5048Z
— CCR MS 4045 TIME 7322T
— SRS RIGHT-ON 22R
Dam: LCS PRINCESS H121
— LANCASTER PRINCESS B396

	CE	BW	WW	YW	ADG	MCE	MM	MWW	STAY	DOC	CW	YG	MB	BF	REA	API	TI
EPDs	7.4	5	83.9	124.4	0.25	4.1	28.4	70.3	22.7	16.1	34.2	-44	.30	-.101	.91	146	81
Rank			15	20	30		20	15	1	4	45		10	50	45	15	20

Princess M176 is a high growth and very strong maternal cow, leaving us 2 very nice daughters. Top 1% for Stayability, and Top 10% marbling. She sells with heifer calf R323. Jono says: Moderate, great pedigree, even quartered udder.

5 LCS POPPY M241

ASA# (3171499) • Tattoo: M241D • BD: 15/06/2016
AUS REG: LCSPM241 • COLOUR: Homo Black

— TRIPLE C SINGLETARY S3H
Sire: CCR COWBOY CUT 5048Z

— GW LUCKY ONE 686K
Dam: LANCASTER POPPY A314
— GW MISS CHOICE 717F

	CE	BW	WW	YW	ADG	MCE	MM	MWW	STAY	DOC	CW	YG	MB	BF	REA	API	TI
EPDs	11.1	2.7	79	112.7	0.21	8.5	28.1	67.5	20.6	16.5	30.2	-46	.39	-.106	.88	153	83
Rank	45		30	40		10	25	20	10	3		45	4	50	50	10	15

Like her full siblings at lot 1,2 and 6, Poppy M241 is right at the top of the breed for her API self replacing profit index. Her first calf is now a great first calver by Angus sire Musgrave Mediator. She sells with a bull calf R345. Jono says: Refined, feminine and moderate with a thick bull calf at foot.

2 LCS POPPY M125

ASA# (3171514) • Tattoo: M125D • BD: 6/06/2016
AUS REG: LCSPM125 • COLOUR: Homo Black

— TRIPLE C SINGLETARY S3H
Sire: CCR COWBOY CUT 5048Z
— CCR MS 4045 TIME 7322T
— GW LUCKY ONE 686K
Dam: LANCASTER POPPY A314
— GW MISS CHOICE 717F

	CE	BW	WW	YW	ADG	MCE	MM	MWW	STAY	DOC	CW	YG	MB	BF	REA	API	TI

Rank	45		20	35		15	25	15	20	3	45	45	4	50	40	10	10

Very similar type to her full sibling in lot 1. Her first calf, by Angus bull EF Commando, is graded as one of the top heifers in the P year group. Her 2nd calf, a purebred heifer by LCS High Profile has also been retained as a registered heifer. Poppy M125 has a very profitable set of EPDs. Sells with a Purebred heifer calf R226 by LCS Prime Beef P319. Jono says: Tremendous pedigree, very sound and safe.

4 LCS MS TANKER M218

ASA# (3167499) • Tattoo: M218D • BD: 13/06/2016
AUS REG: LCSPM218 • COLOUR: Homo Black

— MR NLC SUPERIOR S6018
Sire: TNT TANKER U263
— TNT MISS S17
— TRIPLE C BETTIS S72J
Dam: LCS MS BETTIS J104
— LCS MS RIGHT-ON F128

A daughter of one of our most successful cows, Maternal C324. We have sold 5 sons of C324 to stud breeders, and sons of hers have topped our bull sale 3 times. Maternal M284 has great EPDs overall, but her spread from calving ease to growth is outstanding. There is great potential with this cow. She sells with a bull calf R277, by Hooks Beacon 56B. Jono says: Smooth fronted, wedge shaped Cowboy cut daughter.

Rank	2	10				4	25		20	1		15		4		30	

Very similar pedigree, figures and performance to the previous lot. We like that this cow is very moderate and maternal with elite calving ease, but also raised a powerful 50/50 Simangus bull that had extreme muscle as her first calf. We used him in our AI program and Maternal M402 in our donor program. This cow has been used as a donor at Lancaster. Unfortunately her calf broke its leg and therefore she sells without calf at foot. Jono says: Moderate, balanced and maternal.

16 LCS POPPY L131

Ms Eldorado K120 is a really nice phenotype. She is long, has presence and a nice skin type. Her progeny have great growth, which is backed up by her elite growth EPDs. She is the dam of our cracking lot 6 bull in our 2020 bull sale, by LCS High Profile, her last calf was a heifer we retained. She sells with a heifer calf R262 by LCS High Profile H338. Jono says: Smooth made, stylish matron with tremendous skin and hair.

Rank			50	35	25		40	45	3		35		35			35	

Libby K141 is a very solid cow with muscle, depth and softness. She has a bit of a different pedigree combining Nichols manifest with SRS Preferred Beef and going back to the great GW Ms choice 717F cow. Her bull from 2020 sale group was one of the heaviest from weaning right through to sale time. She sells with a heifer calf R320. Jono says: Very desirable maternal shape, very sound.

This cow will impress many on inspection, she is long, with soft skin and has a great outlook. Her first calf was an extremely long and muscular Matauri Reality son we used and then sold in our annual bull sale. Her figures show she has plenty of growth and is fantastic for her maternal traits. She sells with a Bull calf R331.

Rank				35	50	10	30	1	15			15	30		15		

Poppy K209 is a neat, deep bodied cow with a nice udder. You will notice that so many of these cows are at the top of the breed for their maternal traits. She is Top 15% for the API profit index, Marbling and docility. Top 10% for milk, Top 1% for Stayability. Her first calf is doing a good job back in the herd and she has a bull in the 2021 sale team. She sells with a heifer calf R223. bv LCS Magnum M269.

Rank	50		15	15	30	20	30	15	10	4	30	15		4	35	50	45

Maternal K202 is from a superb flush, 2 full brothers have sold to the Woon-allee and Ulmurra studs and a sister has also been sold to High rise stud. She is a larger framed cow with huge growth and awesome maternal EPDs. Top 15% weaning weight and yearling weight and all maternal traits are Top 30% or better. Her first calf, a retained heifer is doing well in the herd, she had a cracking bull in our 2020 bull sale and she has a bull in our 2021 sale team. She sells with a heifer calf R371.

36 LCS HENRIETTA K220

Rank						40	20	45	2	5		20	10	4		15	50

We really liked the dam of this cow, Henrietta A316, and wished we got a lot more daughters from her. She was thick, moderately framed, easy doing, had stylish phenotype and combined high yield and high marbling. Henrietta K220 has very good figures for her maternal traits including Top 2% for Stayability and Top 10% for marbling. Her only female calf is retained in herd. She sells with a Bull calf R411. Jono says: Great skin and nice depth of rib.

37 LCS MS RIGHT-ON K233

Rank			3	2	2	20	25	4	5		10		50	50	15	20	10

Strike J141 is a large framed cow that has maintained her condition in our operation very well. We love her length, skin and style. Her son LCS Magnum M269 we are using heavily and is consistently breeding incredibly soft, meaty cattle. She has extraordinary growth at Top 2% YW, however, she is not one dimensional having a Top 20% API profit index. Her progeny are consistently great, we've sold 3 bulls, retained 6 daughters, have 2 sons in the 2021 sale team and have retained Magnum. This cow has been used as a donor at Lancaster. Her 'R' calf died from scours and therefore she sells without calf at foot. Jono says: Grunt, power, a genuine stud matron.

Here is a thick, solid and soft cow with tremendous calving ease. She is Top 1% for calving ease and Top 2% for maternal calving ease. Her first calf was an elite Simangus bull we sold semen from, and we have retained 2 daughters. She sells with a Bull calf R127 by CCR Cowboy cut. Jono says: Easy doing modern beef cow with great shape.

Poppy J487 is a hardworking cow that always weans a thumping calf, by the look of her current calf it seems like she will again this year. The highlight of her figures is the Top 1% for Stayability that shows her worth in a breeding program; Stayability is the most influential trait to commercial profitability. We have retained 1 daughter, sold 2 sons and she has a son in the 2021 sale team. She sells with a heifer calf R225 by LCS Paradigm P313. Jono says: Hard working Right-on daughter.

Henrietta H188 is a lovely moderate cow with great type, her cowboy cut daughters are fantastic and there are a few great sons selected for our Feb 2021 bull sale. We rate this cow very highly, her figures are elite for Stayability, Marbling, and docility. She is a daughter of our original Henrietta A316, a cow we wish we had more daughters from. H188 carries her mothers impressive type and figures. We have retained 5 daughters and sold 3 sons. This cow has been used as a donor at Lancaster. She sells with a heifer calf R415.

We've always admired the power of this cow and we really like her pedigree. Her dam was one of the favourite red cows we bred. She hasn't been in a donor program but she has been in the discussion for years. We have sold 3 sons and retained 1 daughter. She sells with a heifer calf R171 by Hooks Beacon 56B. Jono says: Longevity, moderate and maternal.

Libby H93 is a super soft, high growth and deep bodied cow that has a wonderful skin and fine hair type. I could write the previous sentence about her dam as well. She is Top 4% for Yearling weight and Maternal weaning weight, and Top 2% for stayability. We have retained a daughter, sold a son and have a son in the 2021 sale team. She sells with a bull calf R398.

Rank	2	15				10	10	50	3			10	4	4		2	30

Poppy H376 is a really high indexing cow out of our very structurally correct Poppy E358. She is Top 2% for the API profit index and Calving ease, Top 3% for Stayability and Top 4% for marbling. Her first calf really put this cow on the radar, LCS Enforcer K25, sired by LCS G-Force G45 has had a semen share sold in the USA. Through elite progeny she will have an impact on our herd for some time. This cow has been used as a donor at Lancaster. She sells with a bull calf R136 by LCS Magnum M269. Jono says: Great longevity and soundness, rearing a very thick bull calf.

This proven cow is above average growth, elite for Stayability and elite for marbling. She has done a wonderful job for us and has 29 recorded progeny, including a son used in our AI program 2019, 4 sons sold and numerous great daughters retained in the herd. A cow that still has plenty to offer, she is still ranking in the Top 10% for the API profit index. This cow has been used as a donor at Lancaster. She sells with a bull calf R206 by LCS Magnum M269.
